

**NEW!**

# Hall® Pin and Wire Drivers\*

— Designed for Precision and Efficiency —

Compatible with 4.0mm Mako Pins! <sup>1</sup>

Take control one step further with this versatile adjustable lever!

An optional grip lever accommodates pin size and prevents slippage.

## Effortless Grasp

Improved engagement ensures a secure grasp of pins and wires, even with minimal tip exposure

## Excellent Visibility

Our most tapered design allows for precise proximal placement

## Greater Grip Strength

Lever optimization enables a greater, more comfortable grip
