

ELECTROSURGICAL TECHNICAL TRAINING

Centennial, Colorado

FREE TRAINING
SEMINAR

Overview

Understanding, maintaining and servicing electrosurgical generators are critical skills for biomedical engineers. By learning key concepts of electrosurgical biophysics and technology, healthcare facilities are able to avoid costly service repairs and unnecessary machine down-time.

That is why ConMed Electrosurgery is proud to offer a free 3-day training seminar where participants learn about electrosurgery, the mechanics and design theories behind our generators, and maintenance and servicing procedures from the actual designing engineers.

An important (and favorite) component of this training is the hands-on instruction sessions. During these times, various generators will be available for participants to examine electrical circuits, practice troubleshooting techniques, and perform basic maintenance procedures.

Accommodations

Participants will stay at a nearby hotel in the Denver Tech Center. ConMed will make all room reservations based off information provided on the registration form.

Cost

At ConMed, we want every customer to have the opportunity to learn as much as possible about the equipment in their facility. Therefore, the cost of the training seminar is free. However, participants are responsible for the cost of flights in and out of Denver International Airport, transportation between the airport and hotel, and select meals. ConMed will provide all other transportation and meals, as well as lodging on Tuesday, Wednesday, and Thursday nights.

Registration

While a 4-week advance registration is required, Electrosurgical Technical Training is available on a first-come, first-serve basis. Once the class is full, overflow participants will be registered for the next training event.

Attire

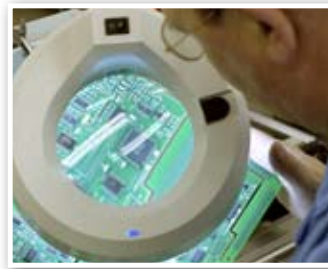

The weather in Colorado can dramatically fluctuate, so while it may be snowing and cold in the morning, the afternoon could be sunny and warm. Therefore, we suggest dressing in layers in business casual attire.

Contact

Please direct all questions to Robyn Curtis by calling 303-699-7600 ext. 5209 or emailing robyn_curtis@es.conmed.com.

Agenda *(Subject to Change without Notice)*

Day 1 – Wednesday

7:30 am	Shuttle departs Hotel for ConMed
8:00 am	Welcome and Introductions
8:15 am	ConMed Company History
8:30 am	Electrosurgery and Safety Review
10:45 am	Lab: Electrosurgery Preventative Maintenance
Noon	Lunch
1:00 pm	Excalibur®, Sabre® 2400 and Sabre® 180
3:30 pm	Excalibur®, Sabre® 2400 and Sabre® 180 Lab: Calibration and PM Checks
5:00 pm	Shuttle departs ConMed for Hotel
6:15 pm	Shuttle departs Hotel for Dinner
6:30 pm	Dinner Hosted by ConMed

Day 2 – Thursday

7:30 am	Shuttle departs Hotel for ConMed
8:00 am	Smoke Management
8:15 am	System 5000™
10:30 am	System 5000™ Lab: Calibration and PM Checks
Noon	Lunch
1:00 pm	System 7500®/7550™
3:30 pm	System 7500®/7550™ Lab: Calibration and PM Checks
5:00 pm	Shuttle departs ConMed for Hotel

Day 3 – Friday

7:30 am	Shuttle departs Hotel for ConMed
8:00 am	Tour of Manufacturing
9:00 am	Lab: Troubleshooting Tips, Assembly Identification, and Calibration
11:30 am	Lunch
Noon	Shuttles depart ConMed for Hotel and Airport
12:15 pm	Optional Session: More Hands-On Training on Equipment-of-Choice
2:00 pm	Shuttle departs ConMed for Hotel

All educational programs are available without any requirement to purchase products and are offered to all customers of CONMED as described herein. These educational programs may be construed as discounts for purposes of the discount safe harbor to the Federal Anti-Kickback Statute (42 U.S.C. §1320 a-7b, as amended) set forth in 4.2. C.F.R. 1001.952(h). All participants must properly account for and any pass on any discount as may be required by law.

CONMED CORPORATION PRODUCT AREAS:

ARTHROSCOPY • ELECTROSURGERY • ENDOSCOPY • ENDOSURGERY • GASTROENTEROLOGY • INTEGRATED SYSTEMS • PATIENT CARE • POWERED INSTRUMENTS • PULMONOLOGY
