

— Introducing the —

CleanGuide™ Dilators Recycling Program

CONMED is partnering with Sharps Compliance to offer a simple recycling service for CleanGuide™ Disposable OTW Esophageal Dilators and CleanGuide™ Guidewires.

- Shipped and managed by Sharps Compliance, Inc.
- Pre-paid UPS return label and packaging included with each recycling bin
- Automatic Bin Replenishment available upon request
- Recycled or repurposed through incineration and conversion into energy

Now you can maximize your efficiency while minimizing your waste.

Bin Capacity:

75–300 Dilators*

* Dependent on dilator sizes

CleanGuide™ is the first and only sterile-packed, disposable, rigid, over-the-wire esophageal dilation system available in the United States.¹
